Five Hills Health Region has a reputation for leading change.

Job Summary:

Reporting to the Director, Primary Health Care Teams and in collaboration with physicians and health care provider team members, the Registered Nurse (Nurse Practitioner) will provide Primary Health Care (PHC) services to assigned populations which may include: urban populations, visiting services to rural communities, and/or priority populations (e.g. newcomers, teens) as determined by community and program needs. Primary Health Care services include: health assessment, health promotion and education, disease and injury prevention and assessment, treatment interventions; collaboration with, and referral to, other health care providers; participation in continuous improvement, patient safety, community development, clinical practice redesign, quality improvement, and evaluation.

Qualifications:

Required Qualifications

- Educated in a Nurse Practitioner program in a Canadian province/territory
- Registered or eligible for registration with the Saskatchewan Registered Nurses Association (SRNA) as an RN (NP) or RN (GNP)
