

Fruit Leathers and Bars

Fruit leathers and bars...

- are sheets or bars of blended and dried fruit.
- contain the same amount of sugar as chocolate bars.
- can cause dental cavities.
- have less fibre than real fruit.

Fresh fruit has less sugar, more vitamins and minerals and is a healthier snack option than fruit leathers and bars.

Enjoy fruit in different ways:

- Blend fruit into a smoothie.
- Add fruit to your oatmeal or cereal at breakfast.
- Make a colourful fruit salad.
- Chop up fruit and enjoy it with dip.
